

**BOYS & GIRLS CLUBS
OF THE UPSTATE**

Dear Volunteer,

Boys & Girls Clubs of the Upstate welcomes you to our dedicated team. As a volunteer you are now part of our mission to help kids BE GREAT. Volunteers help us do more to inspire and enable young people. As you work with our Club members think about those who helped you grow up to be the person you are today. Be encouraged by their spirit and lift each child up to the same high standard.

When parents, grandparents, community members, and college students are involved in the learning, everyone profits. No time or talent is too small when we work together towards the goal of helping our club members become the best individuals that they can be. The possibilities are endless.

Most of our volunteer opportunities involve helping with our homework program, sharing a special interest, or coaching. As you grow in your volunteer experience and want to do more please consult with your Club Director. They will lead you in the right direction.

To get started please go to www.begreatupstate.org and fill out an online volunteer application. Your work with us will make a difference in the lives of young people and in your own. We look forward to working with you in the near future.

Sincerely,

Greg Tolbert
President

GREAT FUTURES START HERE.
